DETAILED ACTION

Claims 8, 13, 21 and 26-31 are pending in this application.

Action Summary

1. The rejection of claims 8, 13, 21 and 26-31 under 35 U.S.C. 102(b) as being anticipated by Kohjin Co. LTD is hereby withdrawn.

Drawings

2. New corrected drawings are required in this application because the drawings are informal. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Statement of Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:

The claims are allowable over the cited prior art because the prior art does not teach, disclose nor make obvious a composition comprising a bitter tastant selected from the group consisting of foods and beverages and a bitterness inhibitor, wherein said bitterness inhibitor is uridine 5'-monophosphate and the inhibitor is present at a concentration which inhibits bitterness and a method of inhibiting thereof. It is also not

taught that the inhibitor is a purine or pyrimidine or derivative thereof. The cited prior art (Kohjin Co. LTD) teaches masking the sour taste from foods and beverages.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. Claims 8, 13, 21 and 26-31 are allowed.
